Subject: Re: Fw: DC Council candidate primary responses

Greetings from Maurice Dickens;

First & foremost- I extend my apologies for the prolong response, hopefully sharing my response with each of you would continue the process and maintain the relationship in the near future..

In containing to the nine questions within the questionnaire, i will only input the answers to this email:

- 1 I will strongly oppose Congressional imposed school vouchers that hinders and disenfranchise students on their path to Academic Excellence. Until Congress give the District of Columbia passage to Statehood, i will remain in opposition.
- 2 Yes; DOH have to compromise with the general public- in additional health clinics across the city by establishing an report in which be available to the public. This measure can send a highly positive message by ending the social-division, creating a safe and healthy environment for Washingtonians along with our LGBT communities.
- 3 Once elected, i pledged to co sponsor, sponsor, & Author Legislation and investment funding in creating more programs, along demanding hospitals and other healthcare clinics to end the disenfranchisement and discrimination towards our LGBT citizens.
- 4 No, I would support the Emergency Medical Services under the guardianship of the D.C. Fire Department. We must approach the crisis with full common sense and collaboration to reconstruct the ailing agency.
- 5 As a Roman Catholic myself, i find the Death and Dignity Act have no regards for a traditional transition into eternity but an act inhumane & distasteful. I oppose the Act.
- 6 If the measure can offer a safer, healthier alternative for those who resort to sex work for survival; i will introduce/Co Sponsor Legislation for educational, and job training/placement programs for former or at risk sex workers.
- 7 No, I will not press a Support the Police Monitoring Enhancement Amendment Act. Officers complaint shall be thoroughly review.
- 8 Our LGBT Youth & Seniors will not be treated like 3rd class citizens! Yet alone- who are we to judge?! we must live and wear equality among ourselves!
- 9 Yes

Those are my exact and final answers to the questionnaire. Please feel free to reply for you have any questions..

Thank You Very Much  
Maurice
